

# **Seminarankündigung**

**Dienstag, 24. Mai 2016**

**17:15 Uhr**

**WSI, Seminarraum S 101**

**“Modeling and simulation of  
nanoelectronic (bio)sensor devices  
with applications to Bio-FETs and novel  
high-frequency impedance  
spectroscopy techniques”**

**Prof. Luca Selmi  
DIEGM – Università di Udine  
Italy**
